

Acoustic Plaster: The Minster Building, London. Image by Armourcoat.

This year, **Lezard Design** is excited to launch a new product, Armourcoat Acoustic® Plaster System.

Awardee of the **Quiet Mark Award 2019***, Armourcoat Acoustic® Plaster System achieves the correct control of sound to optimize the acoustics of interior spaces. Not only is the system easy to install and can it be applied seamlessly in a range of colors of plaster work, it also offers a clean, flat and smooth surface for both flat and curved walls. Armourcoat Acoustic® Plaster System can definitely provide you a calmer & more pleasant environment, including commercial, residence, leisure facilities, restaurants, nightclubs and much more!

Armourcoat Acoustic® Plaster System has been tested by the University of Southampton (ISVR Consulting) following BS EN ISO 354:2003 'Airborne sound absorption measured in a reverberation chamber'. Test guidelines for type A mounting. The Armourcoat Acoustic® Plaster System achieved NRC ratings from 0.8, class C (30mm system) to 0.9, class A (50mm system).

Armourcoat's products are known for their eco-friendly features, Armourcoat Acoustic® Plaster System is no exception. Incorporating recycled contents, such as glass and marble, the system is not only outstanding but also contains no VOCs and is resistant to bacterial, mold and mildew.

吸音批盪：倫敦The Minster Building 照片由Armourcoat 提供。

今年，Lezard色譯為您帶來更舒適寧靜的體驗。

全新的Armourcoat吸音石膏灰泥批盪系統 (Armourcoat Acoustic® Plaster System) 榮獲靜音認證標誌 Quiet Mark Award 2019*，能控制室內的聲音，以優化空間的聲學效果。Armourcoat吸音石膏灰泥批盪系統不僅易於安裝，而且可以在平坦和彎曲的牆壁或天花做出無縫效果，提供整潔、平整和平滑的表面。此系統備有多款優雅顏色，配合您的設計和需要。Armourcoat 吸音石膏灰泥批盪系統可以廣泛用於商廈、酒店、住宅、辦公室、休閒設施、餐廳、夜店等等，絕對能為您提供更平靜愉悅的環境！

Armourcoat吸音石膏灰泥批盪系統通過南安普敦大學 (University of Southampton) 聲音與震動研究所 (ISVR Consulting) 根據BS EN ISO 354:2003 的「聲學——混響室中聲音吸收」(‘Airborne sound absorption measured in a reverberation chamber’) 測試。Armourcoat吸音石膏灰泥批盪系統中的50mm系統達到降噪系數 (NRC ratings) 0.9, A級，而30mm系統則達到0.8, C級。

眾所周知，Armourcoat 一直堅持實踐環保，Armourcoat 吸音石膏灰泥批盪系統亦不例外。此系統採用玻璃和大理石等再生成分，不但表現優越，更不含揮發性有機化合物和耐菌防霉。
